Rocco S. Fucillo  
Cabinet Secretary

August 15, 2012

Ms. Wanda Johnson, WV Program Manager  
Safe Drinking Water Branch (3WP22)  
U. S. Environmental Protection Agency  
1650 Arch Street  
Philadelphia, PA 19103

Dear Ms. Johnson:

The following information provides detail of vacancies as of July 31, 2012, in the Environmental Engineering Division. An explanation of the positions, reason for change, and the current status of each vacancy is provided.

Recently Filled Positions:

1. Engineer – Infrastructure and Capacity Development: This position became vacant when the previous employee transferred to another agency in state government. The position was posted and candidates were interviewed. A suitable internal candidate was selected and filled the position.
2. Environmental Resources Specialist II – Capacity Development: This position became vacant when the previous employee advanced within the Division. The position was posted and a suitable candidate was selected and filled the position.
3. Office Assistant II – Data Management: This position became vacant when the previous employee left state government. This position was posted and candidates were interviewed. A suitable candidate was selected and filled the position.
4. Environmental Resources Specialist II – Compliance and Enforcement: This position became vacant when the previous employee advanced within the Division. The position was posted and candidates were interviewed. Candidates were considered but were not available to take the position. Additional candidates were interviewed and a suitable internal candidate was selected and filled the position.
5. Office Assistant III – Philippi District Office: This position became vacant when the previous employee transferred to another agency in state government. This position was posted and candidates interviewed. A suitable candidate was selected and filled the position.
6. Secretary I – Infrastructure & Capacity Development: This position became vacant when the previous employee transferred to another agency in state government. This position was posted and candidates interviewed. A suitable candidate was selected and filled the position.

7. Engineer Associate – Infrastructure and Capacity Development: This position became vacant when the previous employee advanced within the Division. The position was posted and candidates were interviewed. A suitable candidate was selected and filled the position.
8. Office Assistant II – Certification & Training: This position became vacant when the previous employee advanced within the Office. This position was posted and candidates interviewed. A suitable candidate was selected and filled the position.
9. Environmental Technician 2 – Data Management: This position became vacant when the previous employee advanced within the Division. The position was posted and candidates were interviewed. A suitable internal candidate was selected and filled the position.

Vacant Positions:

1. Engineer – Infrastructure and Capacity Development: This position became vacant when the previous employee left state government for a mission trip. The position will be posted.
2. Environmental Resources Specialist III – Capacity Development: This position became vacant when the previous employee left state government. This position has been posted, candidates interviewed and a suitable candidate has been selected.
3. Office Assistant III – Data Management: This position became vacant when the previous employee transferred to another agency in state government. This position has been posted and candidates will be interviewed.
4. Engineer – Compliance and Enforcement: This position became vacant when the previous employee transferred to another agency in state government. The position will be posted and candidates will be interviewed.
5. Office Assistant II – Data Management: This position became vacant when the previous employee advanced within the Division. This position has been posted and candidates will be interviewed.
6. Geologist I – Kearneysville District Office: This position became vacant when the previous employee transferred to another agency in state government. We are considering posting this position as a Geologist II since this position is stationed in a field office. The position will be posted and candidates will be interviewed.
7. Engineering Technician – Philippi District Office: This position became vacant when the previous employee advanced within the Division. This position was posted in two classifications but no candidates applied. The position has been reposted in an attempt to fill the position.
8. Programmer – Data Management: This position became vacant when the previous employee advanced within the Division. This position was posted and a candidate selected
